

PRESS RELEASE

IMMEDIATE USE

CAPELLA SINGAPORE AWARDED SG CLEAN CERTIFICATION

(Singapore, 24th April 2020) Capella Singapore is proud to have been awarded an SG Clean quality mark. A key component of the SG Clean campaign, the quality mark is a premises-based sanitation and hygiene indicator, which reflects the property's commitment to maintaining high standards of hygiene.

Launched on 16 February 2020 by the National Environment Agency (NEA), the SG Clean campaign seeks to rally stakeholders and members of the public to adopt good personal habits and uphold social

responsibility, to help raise standards of cleanliness and hygiene across Singapore and safeguard public health.

Thanks to the consolidated and coordinated efforts of the Capella Singapore team, the property has satisfied stringent independent assessment and committed to ongoing sanitation and hygiene checklists. The wellbeing of all colleagues and guests remains a top priority for Capella Singapore, and the team looks forward to continuing to operate at extremely high cleanliness and hygiene standards.

ABOUT CAPELLA SINGAPORE

Located within 30-acres of lush rainforest on Sentosa island, Capella Singapore has cemented itself as one of the most luxurious hotels in the region over the last decade. Inspired by Tanah Merah's Malay translation red earth, architects Foster + Partners, led by Sir Lord Norman Foster, designed the resort to sit in harmony with surrounding nature, combining old-world colonial charm with contemporary chic.

Capella Singapore offers some of the most spacious accommodation options in Singapore – the 112 guestrooms include two Colonial Manors, complete with private pools. Capella Singapore also offers the opportunity for extended stays with full access to the hotel's facilities via Capella The Club Residences Singapore. These long stay offerings include 72 sea-facing suites and duplexes and 9 manors with private pools.
