(Singapore, 1 July 2020) Capella Singapore have introduced ‘The Manor Experience’, an exclusive staycation in one of the estate’s spacious Manors. Designed to enable families to spend quality time together, without the need for air travel, the new experience features a range of activities, which all take place within the luxurious confines of the private residence.

The Manor Experience includes a dedicated Villa Host, who will be in contact throughout the stay and is on hand to ensure every wish and whim is catered to. Guests will also benefit from an array of in-Manor activities, including a 60-minute private yoga class on the outdoor terrace.

Foodies will delight at the option of a private Chef Service, whereby a chef from the Capella Singapore culinary team will create a bespoke menu based on the taste preferences of the group, to be prepared and enjoyed in-Manor. Additionally, Capella Singapore's beloved Afternoon Tea will be available to enjoy from the comfort of the private pool decks. For families with younger children to entertain, in-manor kids activities and pool props and floats are also available.

Nestled within the luscious grounds of the property with only the resident peacocks for neighbours, Capella Singapore boasts a variety of Manor options; the Contemporary and Capella Manors are located on the fringes of the estate, and can each accommodate up to six adults and one child. Outdoor terraces with sunbeds and private lap pools ensure that there is plenty of space to enjoy the outdoors, whilst luxurious interiors, including rainforest showers, create a private cocoon.

At the heart of Capella Singapore sit two restored Tanah Merah colonial bungalows, which date back to the 1880s. Three en-suite bathrooms and separate dining, living and study areas create ample space for small families or groups, whilst a private lap pool and garden views create a sense of being at one with nature.

**ABOUT CAPELLA SINGAPORE**

Located within 30-acres of lush rainforest on Sentosa island, Capella Singapore has cemented itself as one of the most luxurious hotels in the region over the last decade. Inspired by Tanah Merah's Malay translation red earth, architects Foster + Partners, led by Sir Lord Norman Foster, designed the resort to sit in harmony with surrounding nature, combining old-world colonial charm with contemporary chic.

Capella Singapore offers some of the most spacious accommodation options in Singapore – the 112 guestrooms include two Colonial Manors, complete with private pools. Capella Singapore also offers the opportunity for extended stays with full access to the hotel's facilities via Capella The Club Residences Singapore. These long stay offerings include 72 sea-facing suites and duplexes and 9 manors with private pools.
